RE: Descoings death

Ed -- I assume you know about this, but in case not:

The president of Sciences-Po in Paris, Richard Descoings, was found =ead in an NYC hotel room under very mysterious circumstances on APril = or so. He was very close to DSK and there was talk of him being =SK's prime minister if DSK became president (see below). Also turns =ut that Descoings's wife works with Anne Sinclair, and... that she was =he mysterious woman DSK dined with the night before the events.
